

FILIP MARCZYK

WEB DEVELOPER

ABOUT ME

I am a first-year part-time student of computer science and a graduate of an IT technical high school. Over the past few months, I have been intensively learning web and programming technologies: HTML, CSS, PHP, JavaScript, and C#. Currently, I am seeking my first job in the IT industry.

EDUCATION

Technical High School No. 18 in Katowice

2019 – 2023 | Computer Science (Secondary Education)

WSB Merito University in Chorzów

2023 – current | Computer Science (Engineering Education)

EXPERIENCE

- **2021/ Trainee / Prolog Tech / Katowice, Poland**
2022

The scope of the internship included, among others:

- assembling computers and replacing parts,
- administering Windows systems and servers
- configuring and managing network devices
- working with networks in buildings

- **2023 Warehouse Worker / Nippon Express / Rotterdam, Netherlands**

Job in two Nippon Express warehouses stocking Canon equipment. English and teamwork skills were important to communicate and cooperate with foreign workers and managers.
